Channing Tatum,

the adult business”*

Interview

SINFUL: How did you get into the porn industry?

Tasha: I got into the porn industry because I had been watching adult videos online and I had always looked up to sexually liberated women, and I wanted to be naked in front of the camera professionally, so I sought out an agency and dove right in.

SINFUL: You're absolutely jaw dropping, you got the beautiful body, the stunning face, you must have driven the boy's wild at school, and the girls jealous?

Tasha: Thanks! I came into my own after high school really, during that time though I had a boyfriend nearly full time and a tight group of friends.

SINFUL: What were you like in high school?

Tasha: I was "cool" because we had a reality show on campus that I was in, my family was really fun and I loved high school. I am still super close with all the girls and visit home occasionally, currently planning my 10 year reunion!

SINFUL: When and how did you lose your virginity?

Tasha: That's one secret I'll never tell (smiles).

SINFUL: What were you like sexually after losing your virginity?

Tasha: I was monogamous with my boyfriend of almost 3 years, but I always loved sex.

Tasha

Photos: courtesy of Digital Playground

SINFUL: Naughtiest thing you done before you hit 18?

Tasha: I had sex in one of my parent's car, I partied pretty hard... and overall I was a good kid.

SINFUL: Did you fuck a lot of guys before porn?

Tasha: I did in fact.

SINFUL: Do you watch porn, if so what type of porn is your favorite?

Tasha: I do! I like watching incest porn. I don't even perform in that genre really, but it is hot!

SINFUL: What was your first porn scene like? How were the nerves and what were you feeling?

Tasha: My first porn scene was epic. I got to work for Penthouse and with Ash Hollywood. This was my first ever girl/girl sex experience too. I was just taken back and excited, but also confused, overall I loved it.

SINFUL: What's the best sexual experience you have ever had outside of the film world?

Tasha: Great question. Recently a performer came over and fucked me under the stars on my balcony, and that was fucking amazing.

SINFUL: Kinkiest place you've had sex?

Tasha: A boat on a lake, a faux frat party, the middle of the desert, so many great places - non in my personal life (laughs)!

SINFUL: Are you a dominant or submissive person outside the film world?

Tasha: I am most submissive sexually outside of the real world. More dominant now in my regular day to day life outside of sex.

SINFUL: How often do you masturbate?

Tasha: Every day usually, duh.

SINFUL: Over the years you've taken some big cock, what's the biggest you've taken and how did it feel?

Tasha: You are damn right! I believe Peter North was one of the biggest, and the late Billy Glide. I love a thick cock, thicker the better, they feel filling.

SINFUL: On screen, is there something you haven't done yet, that you'd like to do?

Tasha: I have pushed myself pretty hard and for 7 years, I recently did my first gang bang for Elegant Angel and www.tashareign.com, so I am set for now (smiles).

SINFUL: You've done double penetration, does it hurt or is it pure pleasure having a cock in each whole?

Tasha: Sometimes it hurts and sometimes it feels pleasurable - thus is sex.

SINFUL: Who is one celebrity that you'd love to do a scene in an adult scene with?

Tasha: I would love to fuck Channing Tatum, he is meant for the adult business... he was in it, so I just want him to return!

SINFUL: For any person reading this who hasn't seen you perform, what's one scene or movie they gotta watch?

Tasha: Oh my goodness, **HARD REIGN 2**, out now by Elegant Angel. It features my first gang bang and a handful of amazing scenes of yours truly!

Lasha Reign

SINFUL: What's your favorite fuck position?

Tasha: Doggy Style is everything, I call it lazy dog because I use my Hitachi vibrator and lay on my stomach.

SINFUL: A guy is about to blow his load, where do you want it to land?

Tasha: Depends who... I really love a cream pie.

SINFUL: Spit or Swallow?

Tasha: Swallow, spitting is for suckers!

SINFUL: What gets you wet, what drives you insanely horny?

Tasha: I love getting eaten out, such a turn on.

SINFUL: What are your turn offs?

Tasha: Bad smells, bad breath, bad manners. Bad, bad bad.

SINFUL: How about a tip for our female readers, what's the secret to the perfect blowjob?

Tasha: I believe you need to be consistent and gain speed, use both hand and mouth and make eye contact.

Tasha R

“...he's so pretty and fucks really well.”

SINFUL: What's the best chemistry you've had on screen, where the guy made you cum hard?

Tasha: I have had great chemistry with Danny Mountain, as he's so pretty and fucks really well.

SINFUL: Have you ever said no to a movie?

Tasha: I have, because the rates were not high enough or the content looked like something I wouldn't want to do. You learn so much as a model in 7 years, when it comes to your limits and comfort zone, it can be exploitive but there is no real manual.

SINFUL: What's the weirdest thing a fan has asked for or asked you to do?

Tasha: I mean I love my #Reigndeer and I don't find their requests weird, just flattering.

Photos: courtesy of Pure Passion

Lasha Reign

SINFUL: What does it feel like to have men and women all over the world masturbate over you?

Tasha: My ego needs a day off.

SINFUL: One thing fans don't know about you?

Tasha: I am a hardcore feminist.

SINFUL: What in store for you in future?

Tasha: I am opening up a store in West Hollywood called "Basic Bitch".

SINFUL: What's the best way for fans to contact you?

Tasha: @tashareign on twitter! @tashareign1 on instagram, and tashareign1@Gmail.com for email!

It's hard to find a more sexually adventurous, raunchier, sluttier, filthier performer these days than Holly Hendrix. For a girl with just over a year in the business, Holly has risen the bar for new performers, almost daring new girls to be as hardcore as she. From DP's, double anal, double vag scenes that are part of her regular repertoire, Holly has more than earned her AVN Best New Starlet and XRCO Superslut award. This is only the beginning; the best is yet to come from Holly.

SINFUL: Congratulations on winning Superslut at this year's XRCO awards.

Holly: To get Superslut, the one that I wanted, is pretty fucking awesome. It was super-duper surprising, just as surprising as winning AVN.

SINFUL: The XRCO voters are made up of critics. How do you feel about critics in general?

Holly: Honestly, I feel they are my biggest motivation. They are my biggest critics. [Laughs] Literally they are what they say they are. I like to read reviews. I like to read what the critics have to say. I like to hear what they have to say about my scenes. So, I give them what they want for next time or later. If someone's like, "I wish Holly hadn't worn her shoes the whole entire time. It would've made it a ten out of ten instead of a nine out of ten." OK, maybe I should do more scenes with my shoes off. So, I learn from them. Everybody has room to perfect and you can't perfect anything if you don't know what people want to see.

SINFUL: As far as winning Best New Starlet at AVN this year, has the feeling of winning that award sunk in yet?

Holly: It felt like a dream. It's just that moment when my fingers are crossed, I'm holding my breath, everybody is encouraging, and then all of sudden I hear my name. I could not believe it. I don't know how to describe it. I was shocked. Like, "No fucking way."

it's hard.
”

SINFUL: What did you do that night after the awards show?

Holly: I didn't really celebrate too much. My agent and I went out and we talked. It was a heart to heart kind of thing. Like, "Now you must live up to your title, your name. Let's talk about what you're going to do next." Now I have more things to work on. Higher expectations I guess you could say.

SINFUL: Do you consider yourself a superslut?

Holly: Oh, for sure. That's totally mine, but I thought I wasn't going to get that. That's too good to be true. But yeah, I totally deserved that one. I can definitely say that.

SINFUL: You currently have All Stuffed Up 2 by Evil Angel out now and it has your first double vag scene.

Holly: That was spur of the moment, very spontaneous. I was not necessarily booked for it. It just fucking happened. So that's not normally how things happen in porn but things just fucking happen. Because of that it made it an amazing scene. I was surprised to see myself on the box cover. It was great. I've been wanting a scene like that all fucking year. To be given that by Evil Angel, we're going to make the best of it.

SINFUL: What feels better, double anal or double vag?

Holly: I can say it's so much easier to work with my butt I guess. It's more exciting, it's more intense, it's more of what I like to do. It's more comfortable. It's hardcore fucking. It's what I like to do. And plus, it's easier to work with it. I'm more comfortable with it. My vagina is so tiny that it's hard. [Laughs] It's so hard to do that. I told myself that it would never happen. That's impossible. No way no how. And it just happened. I thought it could never happen. I don't think that it could just happen again if someone asked me to do it. But if I wanted to do it, it would happen. If someone asked me to do it, it wouldn't happen. Because then I would be working for it. I would be trying to do that instead of "I want it," spur of the moment kind of thing where it works out so much better.

I've never been booked for a double anal scene. I've never been booked for that... well, once. And that was my worse one. The one I was booked for was my worse double anal. It was my least successful. My Evil Angel showcase, I was never booked for double anal. For Jules Jordan, I wasn't booked for double anal. It just happened those days. Perv City it just happened. All those days it just happened. For the one I was booked for double anal, it worked out, it happened but it wasn't as successful as it could've been if it were spur of the moment.

SINFUL: You're a spontaneous performer.

Holly: Yes. When I feel like it isn't good enough, if it feels like the same old same old, it's boring. I'm like, "How do I make this exciting? I want to have fun. I want to do something, I want to feel something, I want to do this. I'm bored. It's the same stuff every fucking day. I want to do something crazy. Scruff me up. Do something. Give me a reaction. Make me want it. Make me a fucking slut." I love it. I love that. I love being pushed.

SINFUL: Pushed to the limit?

Holly: Yes. When I tell you I want something do it. But when you tell me you want something now I have to give you something. I want you to give me something. It just works out better that way. And when I know you're giving me something I want in my mind it's like, "Fuck yes!" It's more desirable when you're telling someone what you want.

SINFUL: In your personal life that's how you are as well?

Holly: Yes. If a guy walks up to me and says, "Let's go fuck." Yeah, we're going to fuck. But it's so much better when I go, "Hey, let's go fuck." Me. When I come onto you that's how you know the sex is going to be amazing. When you come onto me yeah, we're gonna fuck but it's not going to be what you want. When I want to fuck you, I WANT TO FUCK YOU. I can't describe it.

“ Make me a
fucking slut. ”

Holly Hendrix

Holly Hendrix

SINFUL: In your personal life have you been with multiple guys, done DPs?

Holly: Yeah, I have. A few times but not like you think. It doesn't really work out successfully as you think it would. They're not professional. It's different when they're not performers. [Laughs]

SINFUL: What kind of girls do you like hooking up with?

Holly: I fucking love MILFs. Older women, I love big boobs, I love that comforting, innocent mommy type of woman. I like a woman who's a little less dominant. More submissive. I like to be able to take control. I just want to please a woman. I want a woman who wants to be pleased. I like to be able to take control. I want to be a more dominant kind of woman. So, if it's not a MILF, I don't want an in betweener. [Laughs] I go for the cute, young, innocent, little blonde girl who wants to be taken control of. So, it's either the innocent mommy or the innocent kid. [Laughs]

SINFUL: Any porn girls you want to work with?

Holly: I really want to work with Megan Rain. Kissa Sins, Kendra Lust for sure. I'm dying to work with her. Cherie Deville, I worked with her once but I need to work with her again. Ashley Fires, I want her to dom me with a strap-on.

SINFUL: You're known for anal. Do you have a lot of anal in your personal life?

Holly: No way. [Laughs] You would think so but I really don't. I save it for the camera. I think that's what makes it more exciting because it's not something I get all the time. When you get something all the time it's not as worthy.

*“ I fucking love MILFs.
Older women,
I love big boobs ”*

SINFUL: What's the biggest cock you've had in your ass.
Holly: Manuel Ferrara.

SINFUL: You think you can handle someone like Mandingo or Lexington Steele in your ass?

Holly: Yeah! I'm waiting for that, maybe in an IR showcase.

SINFUL: Is interracial on the horizon?

Holly: I'm just waiting for an exclusive like in a showcase. You gotta make it worth it. I'm just waiting for the right time, the right company. The right opportunity, the right offer. I don't know when it's going to happen but it will.

SINFUL: Are you a size queen?

Holly: No. I don't really think that matters. I don't think anyone can say it matters because I've been with huge guys and they were terrible. It's the worse sex you ever had in your life. Then guys who are average were the best sex I ever had in my entire life. It has nothing to do with the cock size. I think it has to do with comfortability and how well you can fuck.

SINFUL: Is confidence key?

Holly: For sure, because if you're in doubt or insecure it's not going to be desirable.

SINFUL: Do you have any sexual limits?

Holly: Me? No way. [Laughs] Do you remember who you're talking to? [Laughs]

"Peeping Her Out" was shot in 4K 3D 180° virtual reality and features the boy/girl scene with Inna Innaki and Teo Sirina.

CORY CHASE INSPIRES LIKES FROM SENATOR

Texan Republican law maker Ted Cruz liked a Tweet featuring a video of MILF porn star Cory Chase. It's unclear whether Ted or one of his staffers did the late night "like".

"You can imagine my surprise when I found out what all the buzz was about. As a Porn Star you are used to a certain level of attention and social media activity, but Senator Cruz took the time to endorse my work, you can imagine the new level of interest in me that created." Said Cory Chase when asked out finding out the Senator was a fan.

"Regardless if it was his staff or the Senator himself letting his freak out at night, I encourage him to continue watching porn and paying for porn, my porn specifically." Said Cory.

Bella wants you to know that despite being a porn girl, she's a good girl, for porn that is. She's a Christian, has morals, doesn't have sex outside of porn, and is always striving to be the best at everything she does.

She does say she's great at sucking cock, and hopes to take a hard cock pounding as good as the other porn girls do. With a determination as strong as Bella's, we're sure she'll be able to accomplish her sinful goal one day.

Bella Rose

SINFUL: Are you currently promoting anything?
Any big scenes coming up?

Bella: I just had a scene with passion-hd.com come out that I really love! I just won a contest for a feature as an ultimate school girl fantasy. So be on the lookout for that.

SINFUL: What are some of the big films you've been in that you're most proud of?

Bella: I think my best scene is again my new Passion HD scene called "Horny by the pool." I just really felt beautiful and confident in that scene.

SINFUL: What's the most SINFUL thing you've ever done in your private life, sexually speaking?

Bella: Hmmm . . . porn is pretty sinful! [Laughs] But I have had sex in the back of a pickup truck with a country boy, with blankets while someone in the front was driving it.

“ *I can't stop at good.
I must be great.* ”

SINFUL: Tell me who the real Bella Rose is, the person you are off set.

Bella: The real me is a girl who has a lot of drive to move further in life every day. I can't stop at good. I must be great. I am a Christian, I love going to church. I don't hookup in my personal life outside of porn, and I have Southern morals . . .all except porn. Not sure what happened there.

SINFUL: Before doing porn did you cam or do anything adult-related?

Bella: I started off webcamming on My Free Cams under the username Cupcakebarbie, then moved on to stripping. And then of course porn.

SINFUL: When did you realize that porn was something you wanted to do and why was porn something you wanted to do?

Bella: Um... well it was kind of a last minute, out of nowhere idea. I just kind of did it. I guess I'm crazy. [Laughs]

SINFUL: What were your goals when you first started and have you been able to check anything off so far?

Bella: To be popular pretty fast. I think I have done a decent job of that considering I don't shoot full time, only-a few times a month as I live in the Carolinas.

SINFUL: Did you have anal before coming into porn and was it a good or bad experience?

Bella: Still no booty stuff for me. Maybe one day. [Laughs] One day at a time.

Bella Rose

SINFUL: What makes a guy a good fuck?

Bella: Hmmm, I guess when a guy is actually a good guy and is very sweet. I like good people. Good people make good sex.

SINFUL: What makes a girl a good fuck?

Bella: Being hot. It's different for girls. But she's got to be confident for sure. Not cocky though. Don't confuse that.

SINFUL: How does a male/female performer get on your yes list?

Bella: Hmmm... gotta be extra cute and again not cocky. [Laughs] Someone who is respectful and knows how to treat a woman.

“

I like calling guys daddy.

”

SINFUL: If there's one thing sexually you wish you did better, what would you say that is?

Bella: I guess I wished I could take cock better. Although I like pain, I see girls get pounded so hard and I'm like, "What the heck, how is she not dying", so I just wished I could take it a bit more. But hey I try.

SINFUL: What's your sexual specialty?

Bella: I think I can be very cute and playful and I suck dick very well.

SINFUL: How often do you have sex outside of porn?

Bella: Never.

SINFUL: Do you watch porn and what kind of porn are you into?

Bella: I watch lesbian porn for some reason. It's super hot.

SINFUL: Do you have any fetishes?

Bella: I like calling guys daddy. Guess that really isn't a fetish but, "Hi daddy!"

SINFUL: What's the ultimate award you want to win and why?

Bella: I would like to win best sex scene, or female performer of the year one day.

SINFUL: If you had any negative experiences in the industry, how did you learn from it?

Bella: I learned some people are just shitty. Don't waste your time with that. Put them on your no list and forget it.

SINFUL: What's your ultimate sexual fantasy?

Bella: Secretly watching my boyfriend fuck another girl when he's not supposed to (I don't have a bf but if I did).

SINFUL: What final words do you have for the SINFUL readers?

Bella: It was nice to answer some questions! Make sure to follow me on my social medias. If you like sweet/cute/ "innocent" girls you'll really like me. [Laughs]

Jenevieve: Well . . . ummm shy? That would be a no. [Laughs] I had been feature dancing, performing sideshow snake dancing, belly dancing and burlesque for years, and I grew up in theatre arts schools, so I've always been a camera whore. SINFUL: Is it good money? How can you make a good living or at least make a good supplemental income from camming?

Jenevieve: I am abundant due to the dynamic spirit of being a magickal creatrix. Did I lose everyone here? Message me, I'll explain the cosmos over mushroom tea.

SINFUL: In your opinion, what does it take to become a successful cam girl? How can a girl develop a large following, a high ranking on a cam site, make good money, etc.?

Jenevieve: Hustle your ass off and let your wild spirit shine with debauchery and delightful dirty joy. Don't take yourself so seriously, groovy goddess gals.

SINFUL: What do you have that makes you stand-out, unique from other cam girls?

Jenevieve: Hmm, I will have to ask around. Am I unique? Crazy? Enlightened? Witchy? Bewitching? Who am I?

SINFUL: What is the best and worst thing about camming?

Jenevieve: I have ZERO patience to wait around for anything unless I'm in yoga meditating.

SINFUL: What makes a good cam room follower?

Jenevieve: Dedication! Oh, how I love thee! I do love you guys immensely!

SINFUL: Is this statement true: "Cam girls are the new porn stars." Why or why not is this statement true?

Jenevieve: I don't think there is any hard and fast rule. Things change constantly like nature herself. Next week "the new" thing will be "Dominatrix are going to be the new world order leaders" because they can dominate the masses by force. [Laughs]

SINFUL: Have you ever been nominated for any cam awards? What would be the ultimate award you'd want to win for being a cam girl?

Jenevieve: Yes indeed. Was just nominated for XBiz Cam Awards in May for "Best Inked Cam Girl" I did win some other non-cam awards though. I'm nominated now for another one . . . Woo Hoo!

SINFUL: What are your long-term goals with camming?

Jenevieve: I do indeed love fetish and porn with a fervor and I will be doing a lot of that for the beautiful fellows on cams too. I will be in front of many cameras for many production companies doing very dirty things for many, many humans . . . then I will save the planet under the guidance of the dark goddess and we will all dance naked.

A woman with long dark hair and a purple latex jumpsuit is sitting in a red egg-shaped chair. She is looking towards the camera with a slight smile. The chair is white on the outside and red on the inside. She is wearing a shiny purple jumpsuit with a zipper down the front and silver high-heeled shoes. The background is a warm, orange-toned room with a lamp and some furniture.

The Real Fetish Stories

ALEX BONDAGE

I never turn down an opportunity to indulge in a heavy bondage session with a favorite sub, especially if it involves strict bondage with some form of brainwashing. Back in April of this year, I had a favorite sub of mine named Alex, request a four hour long session revolving around heavy bondage. He was comfortable to try whatever I wanted, as long as the act being done excited me! This was to be a traditional type of session with no role play, so when he arrived at my studio he fell eagerly to his knees, kissing my leather boots. I just love leather, so I wore favorite tight custom leather corset, black lace panties, and soft thigh high leather boots. He was drooling all over my boots as I leaned over to caress his face with my leather gloved hand. The gloves were opera length and of course black with buttons going up the side. Adorned in the best leather, I instructed him to undress to just his underwear. He was then instructed to lay down on top of my bondage bed, which had a leather body bag on top of it. The body bag was open and across the bag were laying several leather belts of varying lengths. Alex, like a good boy, laid down on top of the leather belts, slightly fitting inside the body bag. As he lay there, I placed leather mitts on his hands, completely covering them. He could make a fist if he wanted to, but that was it. So, I proceeded to secure the lacing, and locked the leather restraints around the wrists in place. Meticulously I latched each belt from all the way from his chest, down to his ankles. He was already secure enough and unable to move, but it wasn't enough for me. I made sure he was well inside the body bag and began to zip it up from the ankles to the neck. I took out some long red rope and began to lace the body bag tightly like a corset. He was snugly in place and wasn't going anywhere for the next three hours and three minutes. I proceeded to light a cigarette and blow the smoke in his face. He inhaled and the smoke made him slightly dizzy as he isn't a smoker. With the cigarette dangling from my lip, I caressed his face once again before placing a special machine that focuses on binaural beats. It's called Procyon. I love using it as it takes an individual into a deep altered state of

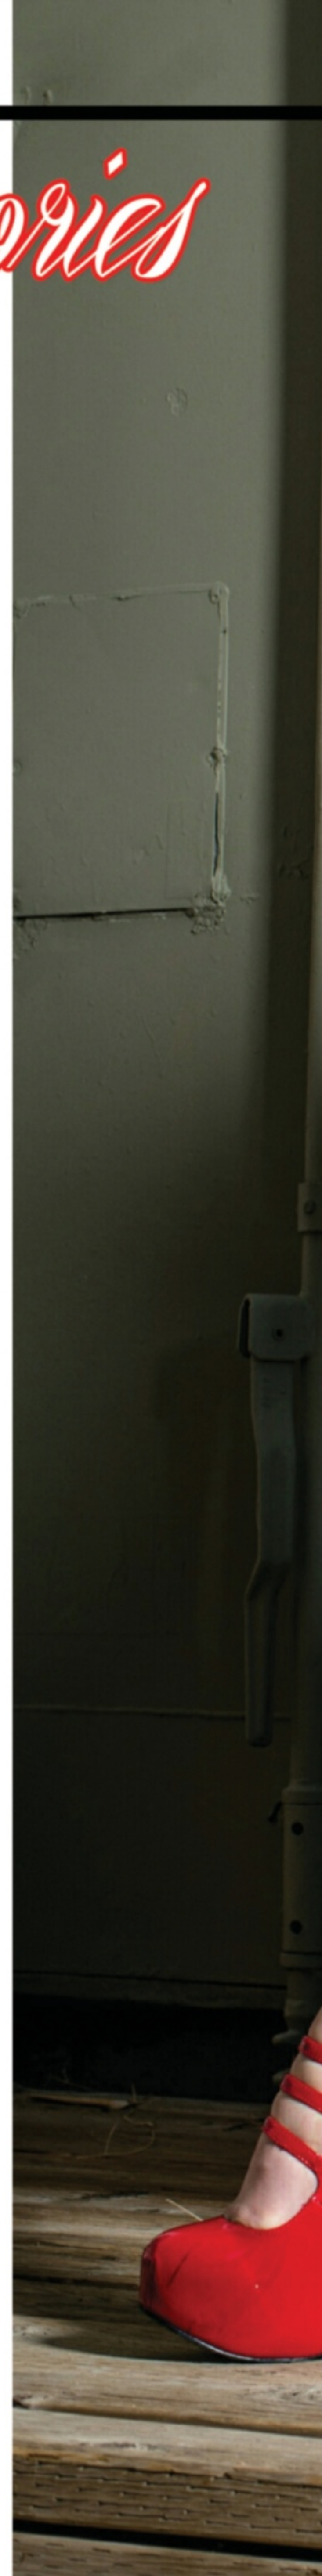

consciousness, especially mixed with strict bondage. Glasses that resembles sunglasses were placed over his eyes with LED lights inside. Headphones were placed over his ears and I set the settings to take him into a deep "night dream". As I turned down the lights in the room, I could see the green/blue lights flashing over his eyes and stepped closely to make sure I could hear the beeps/tones emanating from the headphones. I blew more smoke over his face and he inhaled once again. I blew smoke several times over his face then eventually left him alone. His man bits were left exposed so that I could tease them as I liked with my leather gloved finger tips. After some time has passed I gently hopped onto the bondage bed, straddling Alex. Looking over him, I began to touch myself to the point of intense arousal. I didn't want to get off, but I wanted my wetness on the leather glove. When I begin to get wet, it's ridiculous and I love it! As my arousal kept building, my wetness kept dripping till I had enough covering my finger tips. I light another cigarette, and leaned over blowing more smoke onto his face. He was aroused but he could not see me. As I leaned in deeper into him I place my gloved hand over his face, smothering and wiping my wetness all over him. He throbbed underneath me as the lights still flashed over his eyes. With just any touch he seemed he would explode as I poked him with my gloved fingertip. Blowing more smoke and rubbing more wetness onto his face, I head hear him heavily breathing. I kept fiddling with his erection and began to smother him. The room seemed to get even darker, all I could focus on was edging and smothering him. I took my gloved hand away from his mouth and stuffed my cigarette into it. Covering his mouth again, I began to tease him and as he swallowed he exploded all over the leather body bag. He choked and gagged on the nasty cigarette, but he took it like a good little bitch. After that, I felt that Alex deserved permission to worship my ass, but only after he swallowed some of my spit which I knew tasted of the cigarette he has swallowed. Once again he obeyed and I was pleased as he kissed my perfect ass...

The Real Fetish Stories

TWISTED THERAPY

I met with a new sub who was interested in a twisted therapist roleplay. He came to me looking to setup a session where his "girlfriend" had sent him to see me for behavior modification. Of course there was no girlfriend, but that was part of the roleplay. The point of the behavior modification was to treat him for being such an asshole with women. He was instructed to have the attitude in the scene of a vulgar chauvinist male who was too concerned with my looks to even care as to why he had an appointment with me. I was wearing a crisp long sleeve shirt with grey pinstripes, unbuttoned with a beautiful black lace bra displaying my cleavage. I also had on a tight navy-blue pencil skirt with a side slit going up my left leg, just barely giving you a glimpse of the welt on my stocking. He sat before me, completely focused on my cleavage as I psycho analyzed him, and kept asking him repetitive questions to get him confused. He kept telling me how much he loved anal sex with women, especially when he would just shove himself in and they expressed their pain. That was the best according to him. As he kept babbling on, he was advised to swallow a pill that was next to a glass on the table in front of him, as this was part of a special "treatment" to enhance his sex drive. I began repeating my sentences as I spoke to him, especially the word anal. He began to feel relaxed and became open to what I wanted to do, although he still tried to resist as he claimed to feel loopy. Eventually he was stripped down to nothing, still feeling confused and was placed in a beige canvas straight jacket. Much to my delight, as I latched the leather restraints, he knew there was no escape. At this point I was dressed in my Dr's coat with blue examination gloves on my hands. Continuing to use a soft monotone voice, I lulled him into a hypnotic trance state, laying him down onto a bondage bed covered with a white sheet. I secured soft brown leather restraints onto his ankles along with a black spreader bar. He looked so sweet laying there, so deeply relaxed, completely unaware of the "treatment" that followed. I brought up the subject of anal as I brought over an anal speculum, lubing it up with one of my gloved

hands. He giggled and reminded me stupidly how much he loved anal. I told him I loved anal as well as I slowly stuffed the cold slippery speculum up his anus. His eyes grew wide as he began to throb, and studded asking what this was all about. I just told him to relax, as he was very erect and that was a good thing. This is what I wanted and I instructed him to just trust me. It was part of the "treatment". I wanted to condition him to only become erect with anal, and so he was to have a prolonged erection with different forms of anal torture. The speculum was opened up as far as it could as I slid the cold device back and forth. His erection was dripping with precum as I told him it was time for a bigger device. He wasn't open enough for me, so I brought out the Crisco he has purchased. Such a good slut for buying it. I secured the spread bar to stay up in the air by tying it to the D-ring on the collar around his neck. A little predicament bondage doesn't hurt. Once I knew he could move, I undressed down to my lingerie, and lubed up my gloved hands with the Crisco. I began with four fingers inside of him, while every so often I teased his erection. At this point, he was acceptant of the situation. He looked puzzled but was no longer asking me stupid questions, he just opened himself up to me. I slid my thumb inside of me and patiently I slid my other hand and used my hands as a speculum. He moaned with pain and his erection throbbed as I took my time spreading him wide. I went as deep as I could and sat there for a few moments, holding him open for me. He was an anal slut so his adventures had already trained him to be properly stretched, that in no time I was able to stuff my right fist inside of him. There is nothing like it! I could feel his warmth and I could feel him throb. This was his "treatment". He was to become an anal whore now, begging his girlfriend to stuff him like this. He was edged torturously and dripped like a leaky faucet. I could feel his prostate and that sent his head into a tizzy as I played with it. He just released as I barely touched him, still with my fist inside of him. As I pulled out, I knew the "treatment" had been successful. A follow up might be needed just to see if he can take both fists, Dr.'s orders.

CAM STARS

Zander STORM

SINFUL: Can you describe your very first-time camming? Were you nervous or excited?

ZANDER: I was terrified! I had done a lot of research on cam work before I decided to finally try it. I am a shy person, and had no idea how it would feel to be the focus of so many people, especially while stripping out of my clothes. I was worried I'd get a lot of mean comments, but instead got loads of nice compliments and encouragement! I had so much fun during my first show, and knew right away I wanted to make camming my career.

SINFUL: Were you shy before you started camming? Did camming help you get out of your shell and are you more confident and comfortable with your body because of

camming?

ZANDER: I was very shy before I started camming, and I still am! However, being fully in charge of my own cam room, with my viewers mostly interacting with me as usernames typing messages in chat, allows me to feel very comfortable and in control. I still have social anxiety in face-to-face situations with crowds of people I don't know. In my cam room, I choose who to respond to, I control who can type in the chat, no one can interrupt me when I'm speaking – basically, I don't have to fight for attention, and can instead focus on just being myself. Viewers hang out in my room if they find something interesting about me, so I feel very confident once I have a solid group of viewers during a show.

SINFUL: Does anyone (family, friends) know you cam? How do they feel about it or do you keep camming private?

ZANDER: All my close friends and romantic partners know, and they are very supportive! Some of them help me with various aspects of my business, as well as provide encouragement and an ear for work-related things I'm excited or irritated about. My family doesn't know, and they don't really need to. I am not ashamed of my work, but my family would have a harder time understanding without judging my choice of career based on stereotypes and misconceptions. I don't feel the need to bring it up on my own and then have to defend myself, but it wouldn't be the end of the world if they ever found out.

SINFUL: Is it good money? How can you make a good living or at least make a good supplemental income from camming?

ZANDER: Camming can be good money with lots of hard work. New models should decide early on whether they want to cam for a living, or just cam for some fun side cash. In order to make camming a career, you must view your work as a real business and dedicate time and effort to all aspects of the business. Some people think that camming is easy money, but in reality, it is a lot of work. With so much free porn on the Internet, camming is about making personal connections with viewers just as much as it is about flashing boobs.

SINFUL: In your opinion, what does it take to become a successful cam girl? How can a girl develop a large following, a high ranking on a cam site, make good money, etc.?

ZANDER: Success in cam work really depends on how much effort you put into it. Being live online is of course very important, but there's so much more to camming than just getting naked. You have to market

yourself, keep good records of income, build a following on social networks, develop creative ideas to keep entertaining and attracting viewers, and learn all kinds of new skills to support and expand your career (video editing, graphic design, web coding, etc.). If you want to make a living off cam work, then approaching it with a self-employed business mindset is paramount.

SINFUL: What do you have that makes you stand out, unique from other cam girls?

ZANDER: I have a very unique look – I'm a petite half-Japanese girl with short blue (sometimes green) hair and the most poufy bush on the planet! I get a lot of comments from viewers about how my physical traits brought them into my cam room, but then my personality convinced them to stay. I love those compliments, because I'm always just being my genuine nerdy goofy self. I also get many compliments on my smile.

SINFUL: What is the best and worst thing about camming?

ZANDER: The best part about camming is the feeling of accomplishment – all my success as a model has come from all the hard work I've personally put into building up my business. I also really enjoy the social connection with viewers and fans; I care about the lives of my regulars, and I like to chat with the people who hang out in my cam room about shared interests and different experiences in life.

The worst part about camming is the initial awkwardness when I first start a cam show. As I wait for more viewers to come into my room, it can be so uncomfortable to sit there trying to start a conversation if no one is responding. It's no fun to ask a room of 30 lurkers how their weekend went and be met with absolute silence! Things always

eventually pick up, but those are the moments I always hate most. Talk to me.

SINFUL: What makes a good cam room follower?

ZANDER: The most important quality of a good cam follower is to tip when possible. Cam girls understand that everyone has a budget and that viewers aren't just bottomless token dispensers, but we're still doing what we do as a job, and we notice which people never pay. Smaller tips that come regularly are appreciated alongside the big tips, because it shows respect for the model and her work. Other qualities of good viewers are chatting with the model (seriously, talk to me! I enjoy the conversation!), and respecting the rules of the room. That's all we really ask for!

SINFUL: Is this statement true: "Cam girls are the new porn stars." Why or why not is this statement true?

ZANDER: People have different interpretations of what message that statement is trying to convey, and how to define the term "porn star", so I don't feel like I can declare it as true or false. What's true is the noticeable shift the adult industry over time as camsites have rapidly risen in popularity.

Cam models meet the need for social connection that their viewers crave. What draws many people to camsites over professionally-filmed porn is personal connection and direct attention, the appeal of “amateur” that makes cam models feel more like real and genuine people, and the exciting idea during live cam shows that “this is happening somewhere in the world right now”.

SINFUL: Have you ever been nominated for any cam awards? What would be the ultimate award you’d want to win for being a cam girl?

ZANDER: I’ve ranked really well for both the 2016 and 2017 ManyVids Awards! In 2016, I was a Top Ten Finalist in the category “Rising Star of the Year”, and in 2017, I was a Top Five Finalist in the category “Innovator of the Year”. Also in 2017, my top-selling clip “Huge Sticky Bad Dragon Creampie” was selected by ManyVids to be in the running for the special category “Video of the Year”. I would love to win one of the ManyVids Awards someday! I think if they had a category for “Bush of the Year”, I could win that one hands-down.

SINFUL: What are your long-term goals with camming?

ZANDER: I just want to continue building my fan base, maintaining a steady income that is enough to live comfortably on, striving to bring creative and fun new ideas to my shows and videos, and enjoy doing the best job I’ve ever had!
